

Free Public Lecture

MOLTEN PARADISE

Video Presentation and Discussion

Featuring the award-winning USGS video *Molten Paradise-Kīlauea Volcano* by Stephen Wessells, introduced and discussed by Robert I. Tilling, Volcanologist

See—

- The dramatic nonstop Pu‘u Ō‘ō eruption, now entering its 21st year
- Rivers of glowing lava flow through underground tubes
- Scientists collect samples of molten rock hotter than 2000°F
- Lava ooze and drip down sea cliffs into the surf
- Scientists explain how volcanic eruptions built the Hawaiian Islands

Thursday, July 31, 2003, 7:00 p.m.

USGS, Conference Room A, Bldg 3, Menlo Park, California

The Earth Science Information Center (Map and Publication Sales) in Building Three will remain open until 7:00 p.m. on the evening of the lecture. Map for lecture site on reverse.

For current information about the evening lecture series, call (650) 329-5000 or visit our website at <http://online.wr.usgs.gov/calendar/>

U.S. Department of the Interior • U.S. Geological Survey • Western Region Center
